

Brandeis University, Department of Anthropology

Program Information

Program Name	Brandeis University, Department of Anthropology
General Description / Special Programs	The graduate curriculum emphasizes intensive training for independent research, with particular emphasis on comparative studies, theoretical grounding, and ethnographic and archaeological fieldwork. Faculty interests include archaeology of complex societies, political economy, development, gender studies, semiotic systems, global and transnational processes, linguistic anthropology, urban anthropology, medical anthropology, psychological anthropology, religion and ritual, and visual/multimodal anthropology. Geographical strengths of the department include Latin America, North America, Africa, East Asia, South Asia, the Middle East and Oceania. Graduate study in archaeology concentrates on the development of complex societies, emphasizing Mesoamerica.
Established	1948
Country	United States
