

St. Cloud State University, Department of Anthropology

Program Information

Program Name	St. Cloud State University, Department of Anthropology
General Description / Special Programs	Master of Science in Cultural Resources Management Archaeology. MS based in four-field anthropology, prepares students with the theoretical, legal, and ethical background, field and lab skills, and practical experience necessary to be successful professionals or pursue doctorate. Program includes seminars in CRM (2 semesters), archaeology, and biological or cultural anthropology; courses in technical writing, regional culture history; internships, field experiences. Students will develop the experience, confidence, and credentials required to work as principal investigators or managers for federal, state, or tribal historic preservation agencies, non-profit organizations and museums, private contracting firms, or as private consultants. Under certain circumstances, a distance option (NOT an online option) is possible.
