

Saint Louis University, Department of Sociology and Anthropology

Program Information

Program Name	Saint Louis University, Department of Sociology and Anthropology
General Description / Special Programs	Anthropology program components include a rigorous social science curriculum focused on four subfields of anthropology: cultural anthropology, biological anthropology, archaeology, and linguistics; lab courses provide a hands-on learning dimension; practical applied experiences through fieldwork opportunities, fieldschools, and independent research projects; and connections made with the larger community via internships, study abroad opportunities, and a senior capstone project.
