

Berry College, Sociology and Anthropology Department

Program Information

Program Name	Berry College, Sociology and Anthropology Department
General Description / Special Programs	The mission of our department is to provide Berry College students with the opportunity to acquire, test, and apply sociological and anthropological knowledge and skills through coursework, internships, and co-curricular activities and programs. We seek to expose students to cross-cultural and cross-national content and experiences, and to assist them in acquiring the capabilities that are fundamental to a liberal arts education.
