

## Program Information

Program Name	University of Bradford
General Description / Special Programs	The Division emphasizes the application of scientific methods and techniques for answering anthropological questions. Major areas of research include archaeological chemistry, early hominin palaeoecology, stable isotope ecology, radiogenic and stable isotope analysis, social and biological identity, bioarchaeology and biological anthropology, environmental and landscape archaeology, archaeological prospection, urbanization and archaeological materials. National and international field programs.
Established	
Country	UNITED KINGDOM
State	
City	Bradford, West Yorkshire

## Program Details

Degrees Offered	BA Archaeology, BSc Archaeology, BSc Archaeological Sciences, BSc Bioarchaeology, BSc Forensic and Archaeological Sciences, BSc Geography and Archaeology, MA Archaeology, MSc Scientific Methods in Archaeology, MSc Archaeological Prospection, MSc Human Osteology and Palaeopathology, MSc Forensic Archaeology and Crime Scene Investigation, MSc Biological Archaeology, MPhil and PhD
Tuition Information	Information available at <a href="http://www.brad.ac.uk/admin/student-registry/tuitionfees/new_index_page.html">www.brad.ac.uk/admin/student-registry/tuitionfees/new_index_page.html</a>
Highest Degree Offered	PhD
Other Degree Requirements	Requirements for MPhil: Thesis plus oral defense
BA/BS Field Areas	<ul style="list-style-type: none"> <li>• Anthropology</li> <li>• Archaeology</li> <li>• Biological Anthropology</li> <li>• Cultural Anthropology</li> </ul>
BA/ BS Requirements	36 units (12 per stage) including 8,000-12,000 word dissertation
MA/MS Field Areas	<ul style="list-style-type: none"> <li>• Anthropology</li> <li>• Archaeology</li> <li>• Biological Anthropology</li> </ul>
MA/ MS Requirements	12 units coursework plus 15,000 word dissertation
MA/MS Specializations	Archaeology, Archaeological Science, Archaeological Prospection, Human Osteoarchaeology and Palaeopathology, Forensic Archaeology and Crime Scene Investigation
PhD Field Areas	<ul style="list-style-type: none"> <li>• Anthropology</li> <li>• Archaeology</li> <li>• Biological Anthropology</li> <li>• Cultural Anthropology</li> </ul>
Phd Requirements	Thesis plus oral defense
Research Facilities	The Biological Anthropology Research Centre (BARC) is dedicated to the study of human remains and holds one of the largest skeletal reference collections in the country. North Atlantic Research Unit, Roman research unit, Conservation laboratory, Archaeometallurgy Research Laboratory: sample preparation and analysis (including image analysis); reference collections of metalworking slags, metallographic sections of ferrous and copper alloy artefacts. Analytical facilities; Stable light isotope facility with continuous flow mass spectrometers for D/H, <sup>13</sup> C/ <sup>12</sup> C, <sup>15</sup> N/ <sup>14</sup> N, <sup>18</sup> O/ <sup>16</sup> O; Scanning Electron Microscopy, X-ray fluorescence, inductively - coupled plasma emission spectroscopy, liquid chromatography, gas chromatography/mass spectrometry, gel electrophoresis. Geophysics laboratory (earth resistance, magnetometres GPR), Archaeobotany and Archaeozoology laboratories and collections, Computer laboratory, X-radiography, photographic darkroom, bone and tooth histology laboratory, high and low powered light microscopy and image analysis, co-operation with facilities in Biomedical Sciences and the University's Analytical Centre.
Support Opportunities	Graduate Student Support Available: ORS, Commonwealth and Fulbright awards. Bursaries and Studentships (Details on request)
Library Resources	J.B. Priestley Library
Internships Available	
Internship Required	
Publications	See <a href="http://www.brad.ac.uk/AGES/Research/index.php/AGES/Staff">http://www.brad.ac.uk/AGES/Research/index.php/AGES/Staff</a>
Phd Specializations	Material Culture, Bioarchaeology, Biological Anthropology, Social Dynamics, Archaeological Biogeochemistry
