

Florida State University, Department of Anthropology

Program Information

Program Name	Florida State University, Department of Anthropology
General Description / Special Programs	The department's focus on archaeology, biological/physical anthropology, and cultural anthropology allows for collaborative work among faculty, students, and community. Faculty-direct field and lab research programs in Mexico, the Caribbean, the US (Eastern Woodlands, Great Plains, Northeast), and the Mediterranean. All archaeology faculty are Registered Professional Archaeologists. Faculty and students conduct trans-disciplinary research with Classics, Modern Languages, History, Biology, Chemistry, Physics, the National High Magnetic Field Lab, Art History, Geography, Geology, Scientific Computing, and Social Work.
