

Heritage Research Associates, Inc.

Program Information

Program Name	Heritage Research Associates, Inc.
General Description / Special Programs	Heritage Research is a small, woman-owned consulting firm with a multidisciplinary approach to archeology and history, specializing in contract-supported management and interpretive studies for government and private agencies since 1979. Experienced in National Register and historic sites assessments, design and implementation of site survey, testing, and data recovery, and other aspects of Section 106 compliance. Programs include prehistoric and historical archeology in the Pacific Northwest, specifically the Southern Northwest Coast, Columbia Plateau, and Northern Great Basin, and historic preservation.
